AlutechDoor[®]
The 1st Fully Aluminium Security Door System by DELUX

mydelux.com.my

COMPANY

Vision & Mission

- Vision: Become the leader in Southeast Asia Smart Security Home Products Industry
- Mission: Improve people's quality of life through design and R&D

Brand Promise

- Provide WOW experience to every customer
- Bring unique design & innovation to every customer
- Deliver the premium quality products with professional service

Experience And Reliable

- Trusted brand since 2004- Recognized brand across South-East Asia
- Developed the first trackless folding gate system in Malaysia since 2009
- Two dedicated productions team to serve local and overseas clients need

SERVICE

Meeting Your Demands

- Provide service to customer 7 days a week*
- Internal customer service department
- Well trained installation team
- On-site service team support

PRODUCT

Timeless Solutions

- Export quality gate products
- Recognized by Malaysia Book of Record Longest Trackless Folding Autogate 2020
- Patented trackless folding autogate since 2009
- Certificate of 50,000 durability cycle test
- In-house powder-coated oven to ensure product quality
- On-site gate design visualise with DELUX Apps
- Made in Malaysia

WHY CHOOSE DELUX® SECURITY DOOR

DELUX®

3mm Extrusion Reinforced Aluminium Frame
3x stronger than any other brands available in the market.
Anti-prying and anti-burglary design ensures total peace of mind.

VS

OTHER BRANDS

Mild Steel Frame
Mild steel frame with only 0.8mm thickness and with joining that may compromise structural integrity.

Rust Free
Rust Free and corrosion free proven to last longer.

VS

Not Fully Rust Resistant
Rust may appear after a few years of usage.

100% Free From Cardboard Material
Solid high-grade aluminium construction with **top quality assurance** and **proven durability**.

VS

Substandard Cardboard Material
Inner core constructed from particleboard or hollow-core material such as corrugated cardboard.

100% Anti-Termite
Completely protected from termite infestation and damages.

VS

Not Anti-Termite
Need to take various precautionary measures to prevent termite damage.

DELUX[®]

Fully Aluminium

Solid high quality **aluminium construction** with premium powder coated matt finishing.

VS

OTHER BRANDS

Not Aluminium

Integrated with other materials such as mild steel hardboard.

Durable Heavy Duty Hinges

Utilise **heavy-duty stainless steel bearing hinges** for extra strength and durability in the long run.

VS

Mild Hinges

Utilise mild steel hinges which may compromise security.

Advanced 2-IN-1 Lock System

Engineered for top security with exclusive **Quick Unlock Mechanism** for **keyless emergency exit**.

VS

Conventional Lock System

Overly simple or complicated lock mechanism may compromise security especially during emergency.

Alubotic System

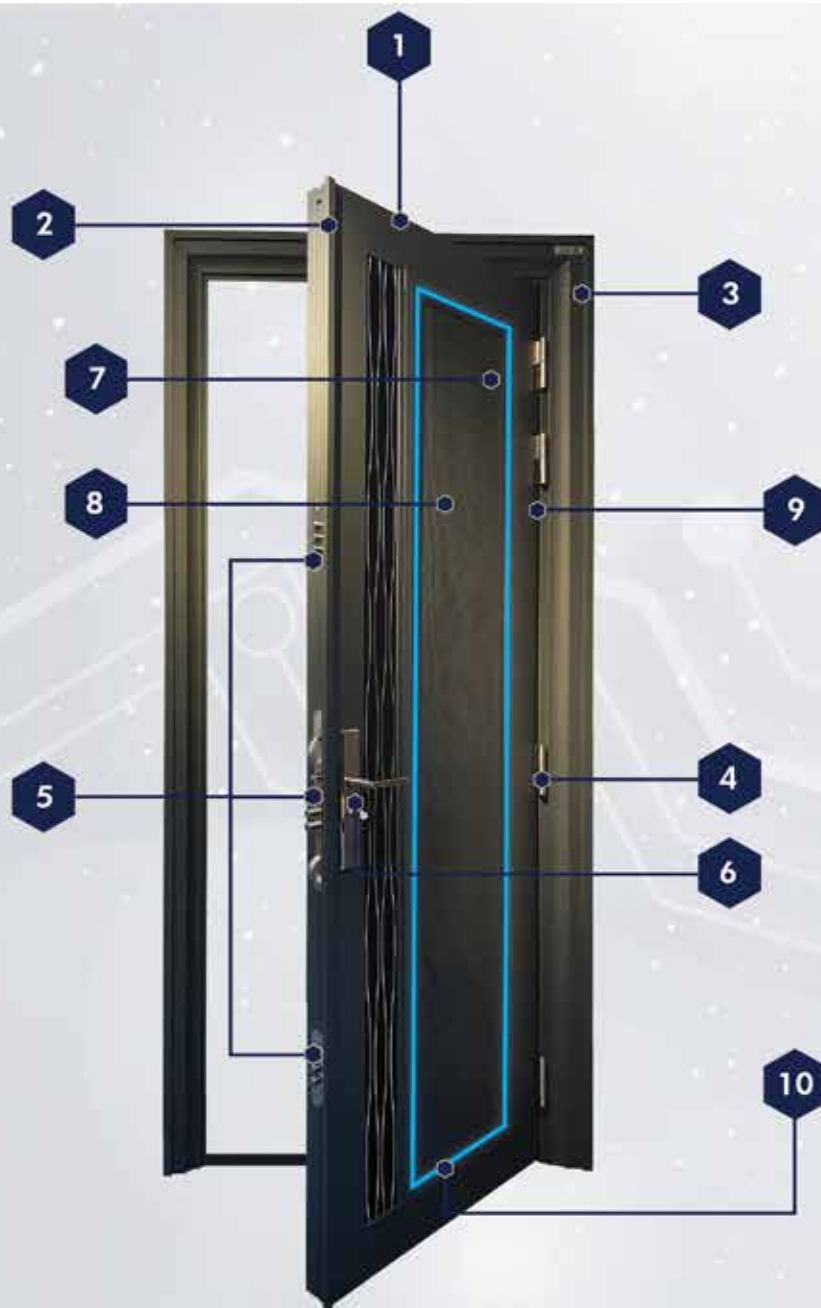

No welding finishing comes with signature **anti-break in clamping system**.

VS

No Anti-Break in System

Finished with spot welding and silicone.

		PREMIUM SERIES	CLASSIC SERIES
1.	Aluminium door leaf	3mm	2mm

10.	Alubotic anti break-in system (outer)	✓	✓

VERSATILITY AT ITS BEST

DELUX Security Door offers 3 variants of door sizes that cater your needs of good security and design.

FRONT ENTRANCE (DOUBLE DOOR)

FRONT ENTRANCE (ONE & HALF DOOR)

KITCHEN (SINGLE DOOR)

LUXURY, TECHNOLOGY & SECURITY COMES TOGETHER

The combination of precision technology and security that comes with minimalistic elegance design. Keep yourselves hassle-free with the keyless digital lock, opening a door will never be the same again.

-  Mobile App
-  Fingerprint
-  RFID Card
-  Password
-  Fast Lock
-  Control with 14 locks
-  Rechargeable Battery

ENGINEERED FOR HOME SECURITY

With our revolutionary Alubotic technologies, the security door is designed to provide breakthrough performance. DELUX has consistently aimed to provide the home security in optimum standard and quality. We have produced our security door with thicker reinforced frame structure and the most quantity of locks that you can find nowhere in the market. The all-in-one design of perforated sheet in the security door creates perfect harmony between safety and home architecture while ensuring good air ventilation.

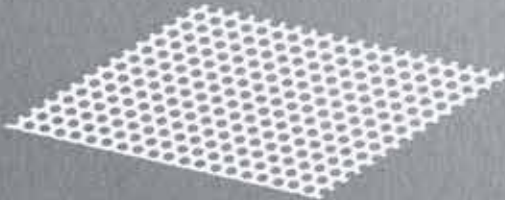

T5 Architectural Grade Aluminium

This material is widely used in building construction and shipping cargo. Thus, it is an ideal material for high durability and sturdy security door structure.

Alubotic® System

Our signature anti break-in clamping system provides better finishing and security.

T5 Architectural Grade Aluminium Perforated Sheet

A new approach and perfect combination of mosquito mesh and grill. It's proven to be extra safe while allowing natural sunlight and better air ventilation into the house.

3mm Extrusion Reinforced Aluminium Frame

Anti-prying and anti-burglary designs with 3X stronger support from inner of the frame to sustain out force attack.

14 Solid Stainless Steel Locks

Experience lock and unlock 14 solid stainless steel lock with fluid and fast pace with a twist.

A Revolution To Replace Pad lock, Grille & Mosquito Net

Cost Effective & Work Saving

**Diversion of Design and Element
To Boost Architectural Elegance**

BUILD YOUR OWN

Mix and match your ideal security door through our website application.
