# ARCHITECTURAL VERSATILITY

DELUX trackless folding autogate comes in single-fold, 4 panels and 6 panels to cater your architecture needs. The flexibility of gate installations at residential and commercial is an added value for the premise other than security and design.

# ENGINEERED FOR DURABLE & TIMELESS SECURITY

## PATENTED 360° ADJUSTABLE HINGES

DELUX adjustable hinges are designed to provide optimal gate stability through the larger gripping area to hold the gate sized up to 36ft firmly while adjustable for timeless alignment. (MY-144605-A)

## PATENTED 3 TURNING ARM LOCK SYSTEM

Worry-free on any forced break-in with the Patented 3 Turning Arm Lock System. It was invented to lock every gate panel and strengthen your house's security, making it difficult to push and pull. (MY-144605-A)

## BUTTERFLY HINGES

Enjoy the smooth opening and closing with butterfly hinges designed and produced from mould casting technology. It also supports gate alignment and ensures gate durability.

## TWO-FACE ROBOTIC WELDING TECHNOLOGY

With German Technology to ensure the inner and outer aluminium frame are welded robotically in optimum standard for better gate durability and defence without any human error.

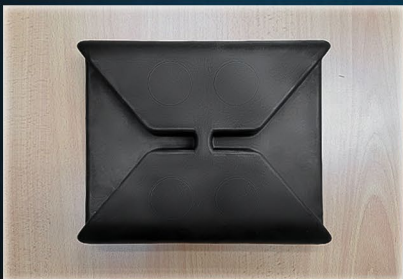

## CHEMICAL PURIFICATION

The aluminium surface was cleaned with powerful chemicals to remove soil and oil debris to ensure the colour powder perfectly coated the aluminium surface for long-lasting gate colour.

## COPPER & STAINLESS STEEL BEARING

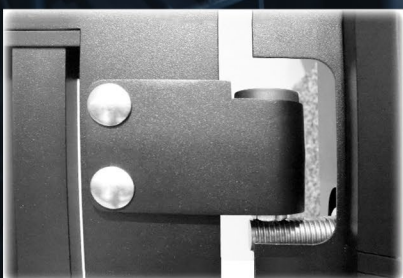

Experience soundless and smoother gate operation with up to 68 built-in heavy duty copper bearing pieces. It is rust-free and has corrosion resistance, resulting in a longer lifespan for the motor.

## E-LOCK™ STOPPER

The E-lock Stopper gives your family peace of mind by providing safer usage and enhanced security using an invisible locking system. Truly protective, and it is also easy to maintain. (22-E0956-0101)

**To reduce errors, 80% of our materials are machine-moulded. This is to ensure that the materials were perfectly made and that they are sturdy enough to be shipped overseas.**

# THE 1ST IN-FOLD TRACKLESS FOLDING AUTOGATE

A Solution To Cater Your House Structure

## IN-FOLD GATE IS A SOLUTION FOR HOUSE WITH:

- ✓ Customised Hidden Motor for Better Visual and Security
- ✓ Reserve More Parking Space in Front of the Gate
- ✓ Solution for Short Distance Between Roadside and Gate
- ✓ Higher Slanting Slope in Front of Gate Entrance

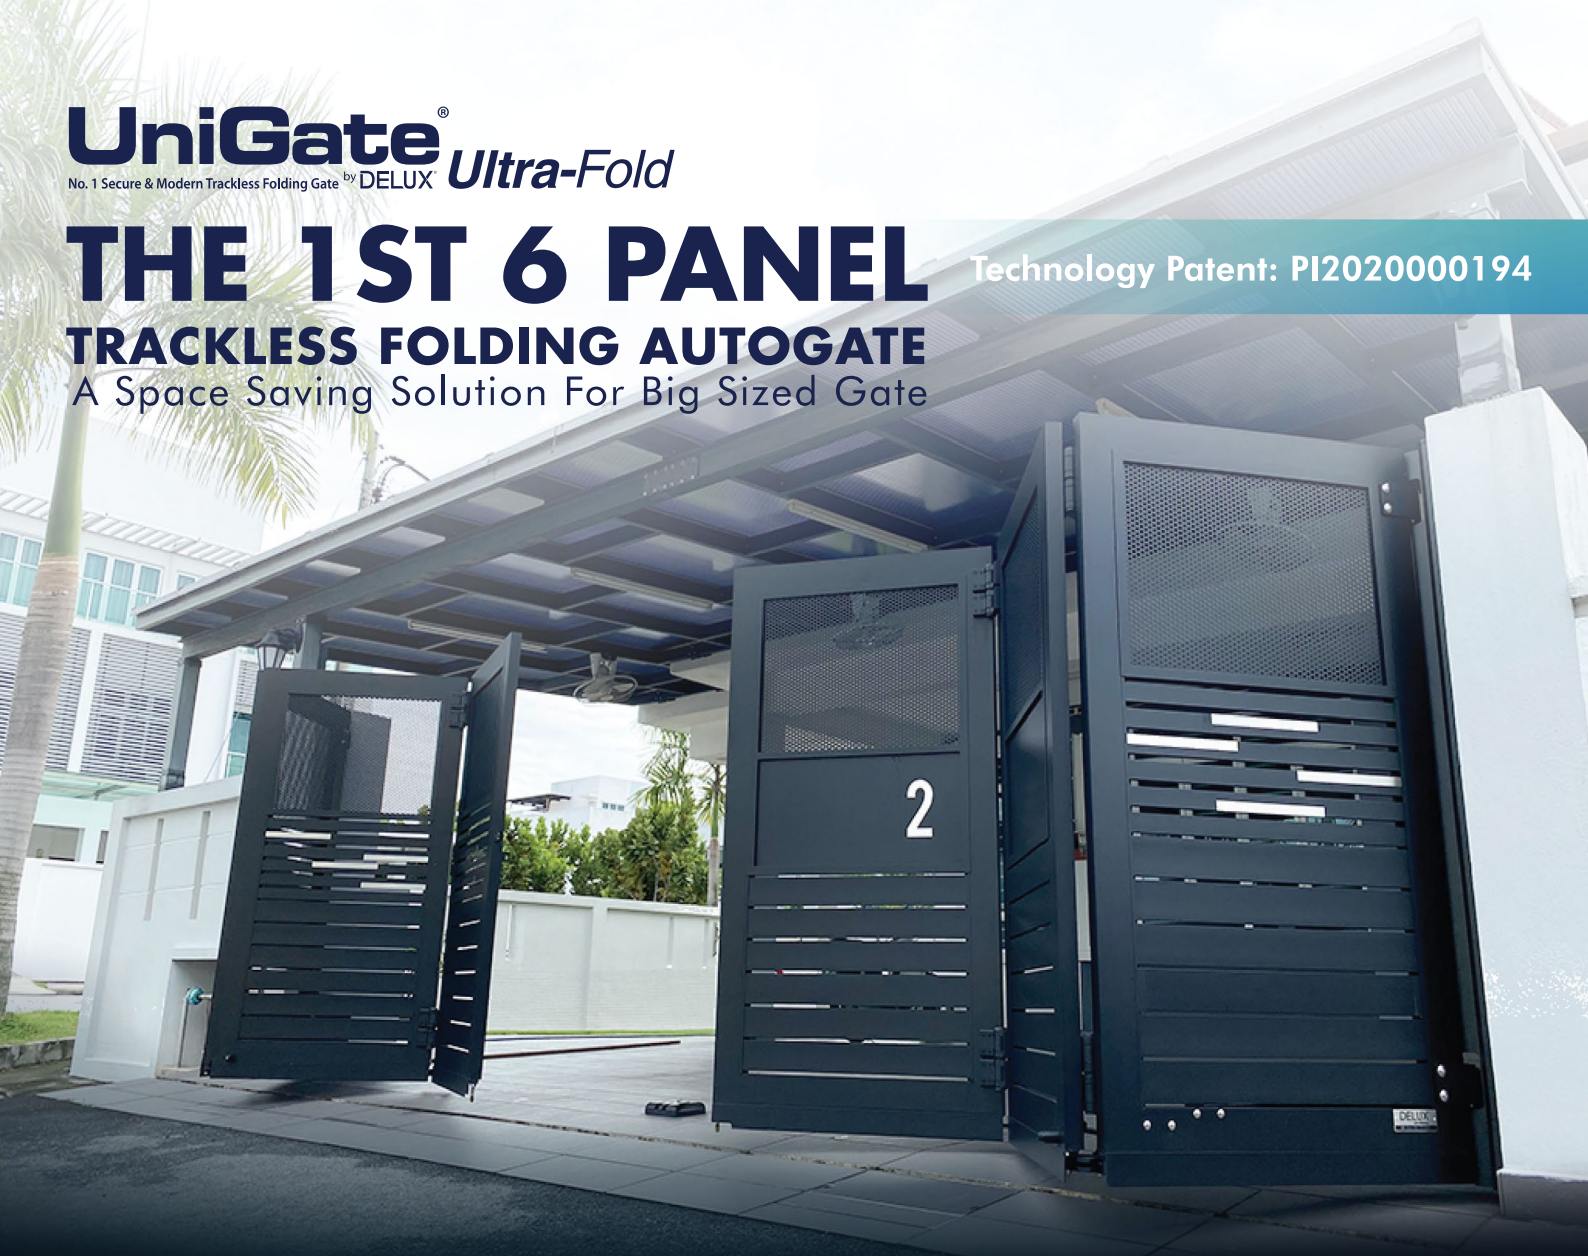

**UniGate®**  
No. 1 Secure & Modern Trackless Folding Gate by DELUX *Ultra-Fold*

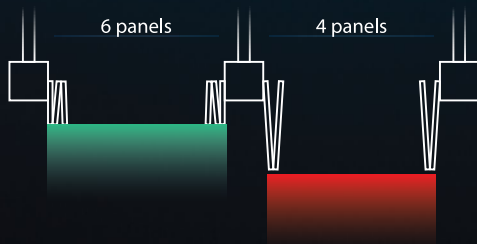

# THE 1ST 6 PANEL TRACKLESS FOLDING AUTOGATE

A Space Saving Solution For Big Sized Gate

Technology Patent: PI2020000194

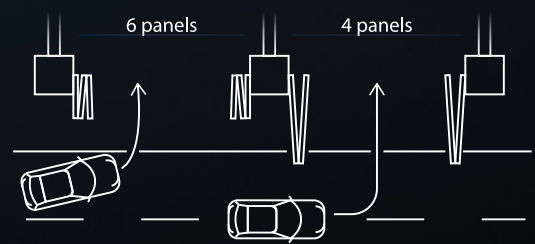

## MORE FRONT SPACE SAVING

Tri-fold's panels are shorter therefore it needs lesser space to swing making it more space saving

## EASIER FOR CAR TO ACCESS

Car can easily access into car porch with small turn due to shorter gate panel

# THE GRAND Collection

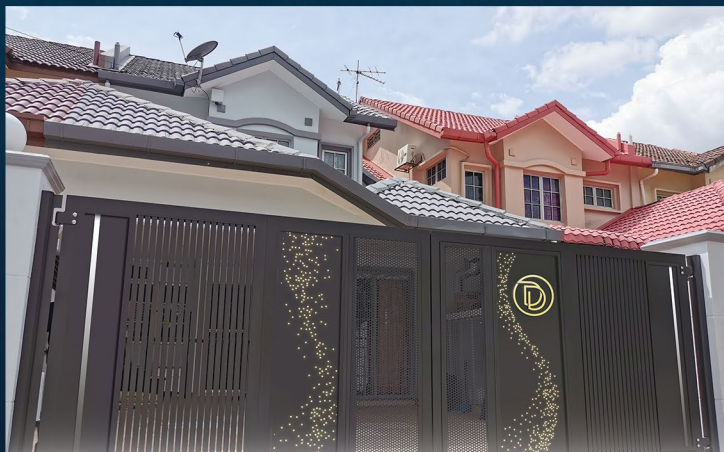

Installation of LED lights on the gate enhances its appearance, brightening your gateway and illuminating your opulent lifestyle. The engraved texture and router cut give the gate a unique appearance, allowing it to have a different style in the morning and at night. The gate can be customised in ways you can't even imagine, and the LED effects can be changed to display different styles in different moods.
